

Hi there!

Let us start out by letting you know just how excited we are to get started working with you! If you need any assistance with using our template or placing your order, just give our Customer Obsession Team a call. Here is everything that you will need to get started designing your order....

Artwork File Specifications:

1/8" Bleed on all files

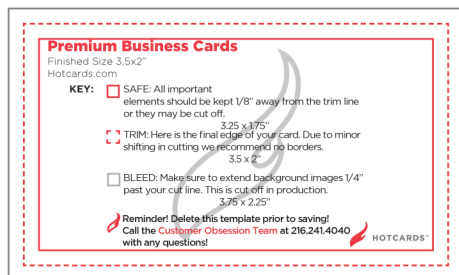

CMYK color files

PDF, JPEG, or TIFF file types

300DPI resolution minimum

*Remember to rotate the die cut template when designing the back side of the card so that the final edges back up correctly.

Stages of Design (based on a 3.5x2" Business Card):

Step 1: Begin with the template provided.

Step 2: Add in your awesome artwork to the template guides. Be mindful of the die cut shape!
